

# Vibreorder

Activity Recorder

Canadian Automotive Instruments Ltd. has an economical way for you to monitor your equipment... Vibreorder. It is designed for you to control costs and help your drivers or operators save time. In a unit that is only 7" x 7" x 3.5" weighing 4lbs, you get a permanent, written, minute by minute report on the 5 inch Vibreorder disc-yours to refer to whenever workers, routes or vehicles need to be evaluated. The disc is printed to show A.M. and P.M. activity. No ink is required. Vibreorder runs on either 12 or 24V DC power.

## Features

- Makes You Money
- Records all trips and stopped periods for 24 hours
- Helps you evaluate productivity of drivers and machines.
- Stops unauthorized use of your vehicles.
- Gives you early warning for maintenance.
- Matches real time activity to reports and timesheets.
- Reduces delays, unnecessary stops.
- Cuts fuel consumption by boosting efficiency.
- Controls overtime, engine time and downtime.
- Installs easily-just bolt to any vertical surface on the vehicle. Any motion will move the counter balanced pendulum and stylus.

## Charts

- The 5" Daily Chart
